## NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

*For the six months ended 30 June 2010*

### 1. COMPANY INFORMATION

China Water Industry Group Limited (the “Company”) was incorporated in the Cayman Islands as an exempted company with limited liability and its shares are listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The addresses of the registered office and principal place of business of the Company are Room 1207, 12/F, West Tower, Shun Tak Centre, 168-200 Connaught Road Central, Sheung Wan, Hong Kong.

The Company and its subsidiaries (the “Group”) are principally engaged in provision of water supply and sewage treatment as well as construction services in the PRC; investments in financial products and others.

### 2. BASIS OF PREPARATION

The condensed consolidated interim financial information have been prepared in accordance with the applicable disclosure requirements of Appendix 16 to the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”) and with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting”, issued by the Hong Kong Institute of Certified Public Accountants (the “HKICPA”).

The Group reported an unaudited consolidated loss attributable to owners of the Company of approximately HK\$55,604,000 for the period ended 30 June 2010 and had an unaudited consolidated net current liabilities of approximately HK\$378,278,000 as at 30 June 2010. The condition indicates the existence of a material uncertainty which may cast significant doubt on the Group's ability to continue as a going concern and therefore it may be unable to realise its assets and discharge its liability in the normal course of business. Nevertheless, the directors of the Company are of the opinion that the Group will have sufficient working capital to meet its financial obligations as and when they fall due for the next twelve months from 30 June 2010 following the completion of placing of shares of the Company and the restructuring of the existing convertible bonds as set out in note 21.

### 3. PRINCIPAL ACCOUNTING POLICIES

The unaudited condensed consolidated interim financial information have been prepared under the historical cost basis, except for certain financial instruments, which are measured at fair values.

The accounting policies used in the condensed consolidated interim financial information are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2009 except for as described below.

In the current interim period, the Group has applied the following new and revised standards, amendments and interpretations ("INTs") (herein collectively referred to as ("new and revised HKFRSs"), issued by the HKICPA.

HKFRSs (Amendments)	Amendment to HKFRS 5 as part of improvements to HKFRSs 2008
HKFRSs (Amendments)	Improvements to HKFRSs 2009
Hong Kong Accounting Standard ("HKAS") 1 (Revised 2007)	Presentation of Financial Statements
HKAS 23 (Revised 2007)	Borrowing Cost
HKAS 32 and HKAS 1 (Amendments)	Puttable Financial Instruments and Obligations Arising on Liquidation
HKAS 1 (Amendment)	Additional Exemptions for First-time Adopters
HKFRS 1 & HKAS 27 (Amendments)	Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate
HKFRS 2 (Amendment)	Vesting Conditions and Cancellations
HKFRS 2 (Revised)	Group Cash-settled Share-based Payment Transactions
HKFRS 7 (Amendment)	Improving Disclosures about Financial Instruments
HKFRS 8	Operating Segments
HK(IFRIC)-INT 9 & HKAS 39 (Amendments)	Embedded derivatives
HK(IFRIC) – INT 13	Customer Loyalty Programmes
HK(IFRIC) – INT 15	Agreements for the Construction of Real Estate
HK(IFRIC) – INT 16	Hedges of a Net investment in a Foreign Operation
HK(IFRIC) – INT 18	Transfers of Assets from Customers

Except as described below, the adoption of the new and revised HKFRSs had no material effect on the condensed consolidated interim financial information of the Group for the current and prior accounting periods.

#### *HKAS 27 (Revised 2008) Consolidated and Separate Financial Statements*

The application of HKAS 27 (Revised 2008) has resulted in changes in the Group's accounting policies regarding increases or decreases in ownership interests in subsidiaries of the Group. In prior years, in the absence of specific requirements in HKFRSs, increases in interests in existing subsidiaries were treated in the same manner as the acquisition of subsidiaries, with goodwill or a bargain purchase gain being recognised when appropriate. The impact of decreases in interests in subsidiaries that did not involve loss of control (being the difference between the consideration received and the carrying amount of the share of net assets disposed of) was recognised in profit or loss. Under HKAS 27 (Revised 2008), all increases or decreases in such interests are dealt with in equity, with no impact on goodwill or profit or loss.

When control of a subsidiary is lost as a result of a transaction, event or other circumstance, the revised Standard requires that the Group derecognises all assets, liabilities and non-controlling interests at their carrying amount. Any retained interest in the former subsidiary is recognised at its fair value at the date the control is lost. A gain or loss on loss of control is recognised in profit or loss as the difference between the proceeds, if any, and these adjustments.

In respect of the deemed disposal during the period of part of the Group's interest in iMerchants, the impact of the change in policy has been that the difference of HK\$6,951,000 between the conversion amount of the non-redeemable convertible preference shares of iMerchants and the increase in the carrying amount of the non-controlling interests has been recognised directly in equity. Had the previous accounting policy been applied, this amount would have been recognised in profit or loss. Therefore, the change in accounting policy has resulted in an increase in the loss for the period of approximately HK\$6,951,000.

The Group has not early applied the following new and revised standards, amendments or interpretations that have been issued but are not yet effective.

HKFRSs (Amendments)	Improvements to HKFRSs 2009 <sup>1</sup>
HKAS 24 (Revised)	Related Party Disclosures <sup>4</sup>
HKAS 32 (Amendment)	Classification of Rights Issues <sup>2</sup>
HKFRS 1 (Amendment)	Limited Exemption from Comparative HKFRS 7 Disclosures for First-time Adopters <sup>3</sup>
HKFRS 9	Financial Instruments <sup>5</sup>
HK(IFRIC)-INT 14 (Amendment)	Prepayments of a Minimum Funding Requirement <sup>4</sup>
HK(IFRIC)-INT 19	Extinguishing Financial Liabilities with Equity Instruments <sup>3</sup>

<sup>1</sup> Amendments that are effective for annual periods beginning on or after 1 July 2010 and 1 January 2011 as appropriate.

<sup>2</sup> Effective for annual periods beginning on or after 1 February 2010.

<sup>3</sup> Effective for annual periods beginning on or after 1 July 2010.

<sup>4</sup> Effective for annual periods beginning on or after 1 January 2011.

<sup>5</sup> Effective for annual periods beginning on or after 1 January 2013.

HKFRS 9 Financial Instruments introduces new requirements for the classification and measurement of financial assets and will be effective from 1 January 2013, with earlier application permitted. The standard requires all recognised financial assets that are within the scope of *HKAS 39 Financial Instruments: Recognition and Measurement* to be measured at either amortised cost or fair value. Specifically, debt investments that (i) are held within a business model whose objective is to collect the contractual cash flows and (ii) have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortised cost. All other debt investments and equity investments are measured at fair value. The application of *HKFRS 9* might affect the classification and measurement of the Group's financial assets.

The directors of the Company anticipate that the application of the other new and revised standards, amendments or interpretations will have no material impact on the condensed consolidated interim financial information.

Hong Kong Profits Tax is calculated at 16.5% (six months ended 30 June 2009: 16.5%) of the estimated assessable profit for the six months ended 30 June 2010.

Hong Kong Profits Tax has not been provided for in the condensed consolidated interim financial information for the six months ended 30 June 2010 and 2009 as there was no estimated assessable profit derived from Hong Kong for both periods.

Pursuant to the relevant laws and regulations in the PRC, certain subsidiaries are exempted from PRC EIT for two years from the first profit making year, followed by a 50% reduction for the next three years. The relevant tax rates for the Group's subsidiaries in the PRC range from 15% to 25% (six months ended 30 June 2009: 15% to 25%).

## 7. LOSS PER SHARE

The calculation of basic and diluted loss per share attributable to the owners of the Company is based on the following data:

<b>Loss</b>	<b>Six months ended 30 June</b>	
	<b>2010</b> <i>HK\$'000</i> <b>(Unaudited)</b>	<b>2009</b> <i>HK\$'000</i> <b>(Unaudited)</b>
Loss for the period attributable to the owners of the Company for the purposes of basic loss per share	<b>(55,604)</b>	(161,836)
Effect of dilutive potential shares:		
– Interest on convertible bonds	<b>481</b>	481
– Change in fair value of convertible bonds	<b>22,385</b>	131,278
Loss for the purposes of diluted loss per share	<b>(32,738)</b>	(30,077)
<b>Number of shares</b>	<b>'000</b>	<b>'000</b>
Weighted average number of ordinary shares for the purpose of basic loss per share	<b>2,706,379</b>	1,914,966
Effect of dilutive potential shares:		
– Share options issued by the Company ( <i>Note</i> )	–	–
– Conversion of convertible bonds	<b>338,908</b>	338,908
Weighted average number of ordinary shares for the purpose of diluted loss per share	<b>3,045,287</b>	2,253,874

*Note:* The computation of diluted loss per share does not assume the exercise of the Company's outstanding share options as exercise price of those options is higher than the average market price of shares for the periods ended 30 June 2010 and 2009.

Diluted loss per share was same as the basic loss per share for the six months ended 30 June 2010, as the effect of the conversion of the Company's outstanding share options and convertible bonds as well as the outstanding convertible bonds and non-redeemable preference shares issued by iMerchants was anti-dilutive for the six months ended 30 June 2010.

Diluted loss per share was same as the basic loss per share for the six months ended 30 June 2009, as the effect of the conversion of the Company's outstanding share options and convertible bonds was anti-dilutive for the six months ended 30 June 2009.

## 8. DIVIDENDS

No dividends were paid or proposed during the six months ended 30 June 2010 and 2009, nor has any dividend been proposed since the end of reporting period (six months ended 30 June 2009: nil).

## 12. CONVERTIBLE BONDS

<b>At 30 June 2010</b>	At 31 December 2009
<b>HK\$'000</b>	HK\$'000
<b>(Unaudited)</b>	(Audited)

Convertible bonds issued by the Company:

At the beginning of the period/year	<b>466,739</b>	262,335
Change in fair value of convertible bonds	<b>22,385</b>	204,404
	<hr/>	<hr/>
At the end of the period/year	<b>489,124</b>	466,739
	<hr/> <hr/>	<hr/> <hr/>

On 3 August 2007, the Company issued convertible bonds (“CB I”) in aggregate principal amounts of HK\$385 million. CB I bears interest at the rate of 0.25% per annum, starting from 3 August 2007, payable semi-annually in arrear on 3 February and 3 August each year. CB I may be converted at the option of the convertible bonds holder at a conversion price of HK\$1.42 per ordinary share at any time on or after 13 September 2007 and up to 27 July 2012.

The conversion price was subsequently adjusted to HK\$1.136 on 3 February 2008 in accordance with the terms and conditions stated in the bond purchase agreement dated 30 July 2007.

Since the conversion price for the bonds is subject to change, the conversion will not result in settlement by the exchange of a fixed number of equity instruments. Therefore, upon application of HKAS 32 and HKAS 39, it was determined that the bonds do not contain any equity component and the entire bonds were designated as “financial liabilities at fair value through profit or loss” which requires that bonds to be carried at fair value at the end of the reporting period and the changes in fair values are recognised in the consolidated statement of comprehensive income.

The fair value of the bonds at the end of each reporting period was calculated using the market value basis. Major parameters adopted in the calculation of the fair value are summarised below:

	<b>At 30 June 2010</b>	At 31 December 2009
Stock price	<b>HK\$0.10</b>	HK\$0.232
Exercise price	<b>Subject to adjustment but not less than 80% of HK\$1.42</b>	Subject to adjustment but not less than 80% of HK\$1.42
Expected volatility	<b>84.91%</b>	53.02%

The decrease in loss was mainly attributable to the decrease of HK\$108.89 million from the change in fair value of Convertible Bonds (“CB”) and the significant improvement of HK\$31.79 million from the disposal of the available-for-sale investments. The net loss for the interim period was mainly due to the following items:

- a loss of HK\$22.38 million from the change in the fair value of the CB; and
- the amortization of an intangible asset amounting to HK\$30.85 million being allocated to the administrative expenses.

The loss before these items was HK\$5.31 million.

#### **Revenue and gross profit**

For the six month ended 30 June 2010, the Group recorded a continuing growth in revenue and gross profit, which amounted to HK\$88.95 million and HK\$39.51 million respectively. This represented a growth of 6.26% in revenue and 59.86% in gross profit compared to the same period last year. Revenue and gross profit were mainly attributable from the water supply segment. For the period under review, the main revenue contributors were Yichun Water Industry Co., Ltd (“Yichun Water”), Danzhou Qingyuan Water Industry Company Limited\* (“Danzhou Water”) and Yingtan Water Supply Co., Ltd (“Yingtan Water”), which collectively accounted for 83.44% of consolidated turnover.

#### **Net gain on disposal of available-for-sale investments**

Net gain from the disposal of available-for-sale investments rose significantly to HK\$3.18 million from a loss of HK\$28.61 million of the same period last year. This gain was mainly contributed by the disposal of the equity investments held by iMerchants Limited (“iMerchants”), a subsidiary of the Group which is listed in the Growth Enterprise Market of the Stock Exchange.

#### **Other operating income**

Other operating income comprised of bank interest income of HK\$0.08 million and contributions from several water supply plants of HK\$4.61 million. The total amount of other operating income for the Group had increased by HK\$2.42 million.

#### **Selling and distribution costs**

The increase in selling and distribution costs were due to full operation in trading of the ceramic materials for sewage treatment process while only two months operation had been included in the last interim period.

## **Administrative expenses**

Administrative expenses were increased by HK\$28.51 million to HK\$63.97 million (2009: HK\$35.46 million). This was mainly resulted from amortization of an intangible asset. The Group had obtained an exclusive right to receive management fee equivalent to 70% of the net profits of Shenzhen Careall Capital Investment Co., Ltd. (“Careall Capital”) through the acquisition of Supreme Luck International Limited (“Supreme Luck”). Pursuant to the HKAS 38 Intangible Assets, the exclusive right is deemed to be an intangible asset which shall be amortized over its estimated useful life. As such, the amortization cost thereon of HK\$30.85 million was recognized.

## **Share of profit from associate**

The Group had acquired 35% equity interests in Jinan Hongquan Water Production Co., Ltd (“Jinan Hongquan”). For the period under review, the Group has shared a post-acquisition profit from Jinan Hongquan of HK\$0.21 million.

Finance costs were mainly interest payments to banks and other borrowings of HK\$3.61 million and to the convertible bondholders of HK\$7.28 million (2009: HK\$2.91 million). The increase of HK\$7.98 million was mainly due to imputed interest expenses of HK\$6.80 million on the zero coupon CB of HK\$200 million which was issued by iMerchants last year. Imputed interest expenses is as a result of the accounting treatment and does not affect the actual cash flow of the Group.

## **BUSINESS SEGMENTS REVIEW**

The performance of financial investments recorded a loss of HK\$27.69 million for the interim period (2009: loss of HK\$28.61 million). The loss was mainly arising from taken amortization cost of HK\$30.85 million on intangible asset. To minimize the risk of the fluctuations and uncertainties associated with the direct investment in financial and investment products, the management of iMerchants is in the process of shifting the focus to direct investment in natural resources and the investment in company that provides management services in the financial sector in mainland China through the cooperation with Careall Capital.

The ceramic sewage treatment materials business had recorded a profit of HK\$2.36 million for the interim period (2009: loss of HK\$0.53 million). ## **PROSPECTS**

China's water industry has been provided with a tremendous driving power and potentials of development to a scale that have never been experienced before. The main reason behind this is that the Chinese government has implemented the state policy to attract both domestic and foreign investments by ensuring reasonable return of investments from advocating and supporting a gradual increase in water price so as to build a sustainable economic water consumption society. Furthermore, it is to promote marketization reform of this industry. Water prices have been raised in most of China's large and medium-sized cities since last year. At the same time, benefiting from the enormous economy-stimulating package and the water resource protection plan adopted by the Chinese government, as well as the expansion of urban population driven by the state policy of speeding up urbanization in new development of the countryside, the infrastructure construction in the water supply and the environmental protection in sewage treatment sectors are continuously expanding with a booming demand. All these have offered excellent opportunities and favorable conditions for the accelerated growth of our principal businesses.

After 4 years of developing new businesses in the major cities of mainland China, both our water supply and sewage treatment capacities have been expanding. As a result, operating income and profits continue to increase. With the extensive experience of our management team and the

concerted efforts of all our subsidiaries, we have been providing continuous support to our invested enterprises in the reinforcement of expanding income sources and reducing operating expenses, and seeking value-added services such as water meter replacement and pipe maintenance while reducing production costs and operation expenses, with an aim to broaden our profit margin. In parallel, we are lobbying with the local governments to increase water prices to the expected levels as well as to implement the hierarchical rating system. These measures will have a positive impact to our business revenue and profit margin. The Board believes that our operating results will turn over a new page and reach a higher level with the continuous promotion of our water business and the expansion of the related businesses.

As the issue of the Group's debt is gradually solved, there are large domestic/overseas enterprises showing strong intention to forge strategic cooperation. In future, apart from equity financing, the Group will seek domestic banks to obtain loan facilities as well as to raise funds through different channels via strategic investors. The capital raised will further expand the scale of our water treatment facilities, strengthen the technological transformation to improve water quality and accelerate the acquisition and merger of water projects with good investment returns and growth potentials. We shall aim to accomplish the expected investment scale and the profitability goals of our water projects, to develop the Group into a large-scale water conglomerate with nationwide influence, and to bring satisfactory investment return to our shareholders and investors.
